Discourse Strategy:

Research in Progress

1. Researcher presents a summary of the progress of an ongoing investigation to an audience. The summary is organized using the elements of QPOE\textsuperscript{2} and may include

   • Successes achieved in the investigation
   • Areas of the investigation needing peer review feedback
   • “Aha!”s, surprises, new learning

2. Audience listens carefully to the summary being presented and may

   • Ask clarifying questions
   (See QPOE\textsuperscript{2} Evaluation questions)
   • Provide peer review feedback
   • Challenge or support thinking
   • Share related investigations
